FAQs

- Q1. Can I keep my current RI License plate number?**
A1. **YES.** When you switch to a Patriotic plate, your current number is transferred to the new plate. Just think of it as ordering a new background design for your existing plate.
- Q2. Can I get whatever number I want?**
A2. We can only issue plates that are currently ACTIVE (including vanity plates). The Fourth of July Committee cannot grant anyone different plate numbers. Only the DMV can do that.
- Q3. I have a commercial plate; can I get a Patriotic Plate?**
A3. Only passenger vehicle plates qualify for the Patriotic Plate.
- Q4. When can I expect to receive my plate?**
A4. The Fourth of July Committee will notify you when your plate is ready to be picked up.
- Q5. My registration expires in July every other year. If I get the plate in June, do I have to register the car again in July?**
AS. Think of buying the Patriotic Plate as simply replacing the look of your current plates. We have nothing to do with the registration of your car. Regardless of when you receive your Patriotic Plate, you will still need to renew your car registration with the DMV per your current registration expiration date.

Registration renewal rates apply.
