Thanks to all for making last year a safe and exciting race. Remember that control of your vehicle is more important than speed. Bearings that limit the speed for younger drivers are a smart choice.

We will be inspecting for good brakes and no additional weight added.

**We will continue using elbow pads and gloves.**

The course finish line will have a 200 ft runout area

**Drivers, please inspect the finish line area prior to the race.**

**We are looking forward to good weather and a great race this year!**
